Former Capitol Hill Staffer here: I'm not taking away from you guys and this very well could work. But in my view and knowledge of the tunnels I think you are diverting men and women away from the action. Maximum

visibility by reps is required. The media and tech barons will try to censor it elsewhere. The point is to show up and stand out. To make them remember why they're there. To make them hear you and see you.

The Capitol itself should be surrounded. The Senate Chamber specifically is where Pence is president.

Then each of the house and senate buildings should have garages blocked. Reps will try to flee via garages with their staff. The lefties rolled through the senate buildings and there was little pushback. Let's see how they treat us. If they say no you say BLM did it, we're peaceful, we're here to exercise our right same as they did. When they refuse, say it's political persecution or civil rights abuse. Stand your ground. You are there to peacefully protest for the restoration of the republic. As an American citizen put them in the place of having to choose their duty and the state. Tell them the election was stolen and it is proven. Police kneeled for BLM when put in such a position. Covid is not a reason to prevent protest as they've shown the world.

Also, I think we need more chants beyond STOPtheSTEAL. I would suggest AMERICA FIRST, FREE the VOTE, DO YOUR JOB, hell even use some of their BS; "This is what democracy looks like" REAL VOTES MATTER, PROVE JOE WON, "Say his name:" Donald Trump, etc.

This is our civil rights brawl after all.

We all know Trump won but we need to optically appear as though the most important thing is election integrity and the true vote. Lord knows the media machine will try to spin it towards Chyna's favor.

From estimates it looks like it would only take 10k or less people to form a barrier.... I mean if we get millions then I think we could spare 100k to form this perimeter....

With 100k on perimeter duty that would give us a 10 person deep line of people... idk just a thought.

Can you post a map with the garages indicated? Or tell us how to find them...

Sorry if this question is stupid. This will be my first trip to DC.

We need all the help we can get. DC is the world's most hardened target. It's teeming with feds, military, dozens of federal police agencies. To go there attempting to surround Congress without the numbers or preparation is a suicide mission. That being said I am going and it will be my 3rd time in DC

I like the color coding. But you are putting all the diehards on the front lines... Maybe make a new version with a green perimeter ? It is not that big of an area, could just be circled in a march over a couple days.

Maybe we should just march around all the buildings chanting.

We need to envelope the building at the blue-red seam. Need to push back to 3rd street or they can use tunnels to get through the perimeter.

The moment the cops say "go away" you bitches will thank them and walk away. Maybe you would get more support if you cared about america and not the police.
